

MILL SIZE SERIES 5000 BALER

HIGH CAPACITY MILL SIZE

- ✓ With a compaction force of up to 48T, this machine is capable of producing Euro Pallet size cardboard bales of over 400-500kgs in weight.
- ✓ It boasts a wide door opening for the largest of boxes, and comes standard with a swinging door. OPTIONAL - an automatic guillotine door can be fitted for high volume users.
- ✓ The KERRUSH 5000 is powered by a 5.5 KW motor, and has a single pump system which provides quick cycle time and low power consumption.
- ✓ All Mill Size balers come standard with wire tie systems.
- ✓ Transport height is below 8' to allow for access to the most difficult sites.
